RISK ASSESSMENT FOR SCHOOL OPERATION FROM SEPTEMBER 2020

This risk assessment is based on Guidance for Full Opening: Schools

<https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

WESTFIELD PRIMARY SCHOOL AND NURSERY

Date of Risk Assessment: Updated 3rd September 2020

Signed:  *J. Probert*

Covid-19 is an illness that can affect your lungs and airways. Symptoms can be mild, moderate, severe or fatal. This risk assessment is for pupils, teaching and support staff and should be adapted by each of MNSP schools. The document must be adapted to reflect the unique circumstances in your school. You need to add any additional controls and indicate who is responsible, by when and indicate when in place (i.e. you must complete the last 3 columns) There is an expectation that staff will work at a distance from each other and from pupils as much as possible. If staff are working totally alone in the school, please ensure that a lone-working assessment has been undertaken and safeguards put in place for that person. You will need to review other risk assessments you have in place, for example use of equipment and practical lessons.

HAZARD: Spread of Covid-19 Coronavirus

Who Might be harmed:

- Staff
- Visitors to your premises
- Contractors
- Vulnerable groups – Elderly, Pregnant workers, those with existing underlying health conditions
- Anyone else who physically comes in contact with another person

This is because a cough or anosmia can last for several weeks once the infection has gone. The 14-day period starts from the day when they first became ill.
