Road Safety

We have received reports this week of children being unsafe walking to school. We want all of our children to be safe as they travel to and from school, whether walking, on a bike or scooter, by public transport or by car.

We know the roads around school can be busy, so here are some of our top safety tips to keep in mind:

Stay Alert: It's important to remind your children to avoid distractions like headphones or mobile phones when they're near roads. Staying focused on their surroundings can help prevent accidents.

Safe Cycling: If your child cycles to school, ensure they wear a helmet and have working lights on their bike. This will not only protect them in case of a fall but also make them more visible to other road users.

Practice Crossing Safely: Teach your child to cross roads at safe points, such as zebra crossings or traffic lights. Remind them never to cross between parked cars where it's harder for drivers to see them.
