NIHR | Mental Health Research Group

Does your child have difficulties with behaviour or attention?

Help improve local support services by taking part in research!

We are looking for families with children aged 9-12 who:

- Have difficulty following rules and expectations.
- Have been on a behaviour support plan or have been suspended or excluded.
- Often feel overwhelmed, frustrated or dysregulated at school or at home.

And go to school in Bath and North East Somerset, Swindon or Wiltshire

90 minute interview with you
30 minutes with your child (optional)

You will get £20 and your child £10

Want to take part?

- Email the team: pathways-study@bath.ac.uk
- Call/text: 07980 962364
- Scan the QR code

Study end date: December 2027 Ethics ID: 14075

Page Ticker 2026 -2027

As we are heading towards the end of the academic year we are starting to think about September 2026. At the start of this year we made the move from traditional paper reading diaries to an online version called Page Ticker. Most of our school community are interacting well with Page Ticker but we have seen a decline in percentages of children who read at least four times a week. We are not sure whether this was inaccurate recording in reading diaries previously or parents and carers finding Page Ticker more difficult.

We would like your help ahead of making a decision for September so please could you answer the one simple question below by the end of this week.

[Please complete form here](#)

This week in Reception

In Reception, this term our topic is Amazing Animals! Actually we think our topic began when we saw a beautiful deer gallop past us when we were in the meadow on our trip to the woods!

We have been so very fortunate to have been able to learn alongside our four legged friend Tipi this year. Every Panda has had the opportunity to lead Tipi on a walk to a local park. Once there, we play (Tipi always waits outside so patiently!) before enjoying a hot chocolate ready for the return journey.

Thank you so very much Tipi for all the magical memories you have given us!

We have also been learning about animal habitats. We discovered animals need four things from their habitats; water, food, air and shelter. We used natural materials to create our own

We are so excited to discover more fascinating facts when we visit the animal park next month!

Somerset District Miners

Two former miners from the local pits presented us with this metal miner figure on behalf of the Somerset District Miners Welfare Trust. They loved seeing our garden that remembers our local history and meeting some children from Dolphin Class.

St Peter's Parish Church, Westfield, Newsletter

The life of St Peter's is always an integral part of the life of our parish of Westfield. We are not just there for the churchgoers but are part of the social 'glue' that holds us together as a community. The opportunity for worship and faith is obviously at the centre of what happens in our calendar but also we look to bring together people throughout the parish and beyond, whether churchgoer or not, in an atmosphere of friendship and fun, through our social events. Our next event is a coffee and cake gathering on Saturday 27 th June between 10 and 12 (I'm sure tea will also be available). Do drop in and see us and I'm sure you will enjoy our welcome and the chat.
